TINY ToCS Vol.1

Call for Participation

The **Tiny Transactions on Computer Science** seeks short and concise papers describing research contributions to the field of computer science. We invite submissions on a wide range of computer science research, including, but not limited to:

Artificial Intelligence	Computer Architecture
Computer Networking	Computer Systems
Computer Security	Graphics
Human-Computer Interaction	Machine Learning
Programming Languages	Theory of Computation

Tiny ToCS is the premier venue for computer science research of **140 characters** or less. Submissions are allowed an abstract of no more than 250 words and a title of no more than 118 characters. The primary content of submissions should fit into 140 characters. The abstract is not intended to expound upon your finding but instead to provide context for your work.

You may use three references in your submission. Your submission may not contain any non-text figures or special formatting. Plain-text only. ASCII art okay.

Accepting New Paper Submissions until July 8th, 2012
